Dear Students and Families,

To motivate students to be active and involved citizens, the Elk Grove Unified School District encourages all 16 and 17 year olds to preregister to vote. Preregistration does not change the voting age, but allows eligible teens to complete the registration form early, so they're ready to vote when they turn 18.

The Elk Grove Board of Education on September 4, 2018 passed a resolution recognizing the statewide High School Voter Education Weeks that will take place from September 17-28, 2018. During these weeks, Elk Grove Unified will promote voting activities and each high school will engage in a range of preregistration activities and voter education efforts to inspire students 16+ to pre-register and/or register to vote. Students may fill out a physical form or simply preregister online at <https://registertovote.ca.gov/>

Additional information about preregistration is also available online at the Sacramento County and California Secretary of State websites:
